**Overview**

**Vision: Nigeria vision 20:2020 economic transformation blueprint for stimulating Nigeria's economic growth and launching the country onto a path of sustained and rapid social economic development**

**Strategic Intent 1. Good Governance**

By 2020 Nigeria enjoys a just, democratic, stable society, with accountable governance and increased transparency, through trusted, regulated, participatory electoral processes and high institutional performance, governed by the Rule of Law, consisting of Legislative processes compliant with international standards, an responsive Executive, and an independent and accessible justice system, which are effectively coordinated, with Human Rights & Gender Equality institutions effectively monitoring, reporting and redressing violations especially among the most marginalized, and people claiming their rights

- Outcome 1.1.**  
Rule of law/Accountability
- Outcome 1.2.**  
Democratic processes
- Outcome 1.3.**  
Human Rights and Gender equality
- Outcome 1.4.**  
Decentralization
- Outcome 1.5.**  
Evidence-based, human rights and gender sensitive decision-making

**Strategic Intent 2. Social Capital**

By 2020, Nigerians are healthy, knowledgeable, highly skilled and productive people, with positive value orientations, living in an inclusive and cohesive society; free from all forms of discrimination, violence and abuse; irrespective of sex, age, geographic location, and socio-economic status; and forming a globally competitive workforce..

- Outcome 2.1.**  
Education
- Outcome 2.2.**  
Health/WASH/Nutrition
- Outcome 2.3.**  
HIV and AIDS
- Outcome 2.4.**  
Social Protection

**Strategic Intent 3. Equitable & Sust. Economic Growth**

By 2020, Nigeria attains a strong, diversified, sustainable and equitable economy driven by robust investment in human capital and infrastructure that stimulate primary production for efficient and value-adding secondary production for an unrestricted, expanded, and globally competitive trade; supported by an employment environment that is youth-inclusive, gender-sensitive with enhanced capacity.

- Outcome 3.1.**  
Investment climate
- Outcome 3.2.**  
Energy
- Outcome 3.3.**  
Production
- Outcome 3.4.**  
Trade
- Outcome 3.5.**  
Employment

**Strategic Intent 4. Human Security and Risk Management**

By 2020 Nigeria is on a peaceful, secure and sustainable development path where disaster, environmental, climate and conflict risks and threats are mitigated by policies, laws and plans that are participatory, gender responsive, funded, monitored and enforced systematically at all levels of the federation with high levels of political will; relevant government institutions respond timely, effectively, efficiently and are well coordinated (vertically and horizontally) in effective partnership with empowered civil society and utilize evidence-based early warning systems; and where the population is rights-assertive and increasingly resilient through awareness and ability to participate in mitigation and response to threats, crises and change

- Outcome 4.1.**  
Disaster Risk Reduction (DRR) and emergency response
- Outcome 4.2.**  
Conflict prevention and management
- Outcome 4.3.**  
Protection of the environment
- Outcome 4.4.**  
Migration, illicit drugs and crime management

Theme Group 1

# Good Governance

**Strategic Intent 1.** By 2020 Nigeria enjoys a just, democratic, stable society, with accountable governance and increased transparency, through trusted, regulated, participatory electoral processes and high institutional performance, governed by the Rule of Law, consisting of Legislative processes compliant with international standards, an responsive Executive, and an independent and accessible justice system, which are effectively coordinated, with Human Rights & Gender Equality institutions effectively monitoring, reporting and redressing violations especially among the most marginalized, and people claiming their rights

## 1.1. Accountability/Rules of law

Strengthened accountability and respect for the Rule of law, compliant with international standards and human rights, provide inclusive, age- and gender-responsive, equitable access to Justice, with strengthened and coordinated institutions ensuring enhanced integrity through transparency, strengthened preventive and regulatory policies and frameworks and engaged civil society and media, by 2017

**Output 1.1.1.** Capacity at Federal and State level for coordination, law reforms and service delivery for Justice Sector institutions to provide inclusive, age- and gender-responsive, equitable and timely access to Justice, and for anti-corruption institutions to prevent and regulate corruption, is strengthened.

**Output 1.1.2** Capacity of CSOs, including their internal governance mechanisms, for constructive dialogue between Civil society organisations, media, other stakeholders and government is strengthened to enable civil society to monitor the budgetary and judicial processes, anti-corruption institutions, and can play their watchdog role.

## 1.2. Democracy

Nigeria's democracy is deepened through inclusive Electoral processes with independent and transparent democratic political parties, and active and equitable citizens' participation and women's empowerment holding elected officials to account, by 2017.

**Output 1.2.1** Election management bodies' (especially independent National Electoral Commission) capacity strengthened in strategic planning, policy formulation and administration of elections

**Output 1.2.2** Political parties have strengthened platforms and mechanisms (IPAC, INEC, Civil Society) to promote human rights, women's participation, respect for non-violence and democratic processes and their implications for democratic development.

**Output 1.2.3** CSOs, traditional leaders, women's groups and other key stakeholders are able to conduct civic education and advocacy for affirmative action to increase women's participation in politics and the electoral process.

## 1.3. Human Rights

Human Rights of Nigerians and Gender Equality are promoted and protected through reliable and timely monitoring and reporting mechanisms at Federal, State and LGA level, effective gender-responsive and age-appropriate redress measures, in an environment compliant with international standards, by 2017.

**Output 1.3.1** National institutional capacity is strengthened for prevention, protection, reliable and timely monitoring and reporting and gender-responsive and age-appropriate redress of human rights violations (National Human Rights Commission, CSOs, Media, Justice Sector).

**Output 1.3.2.** Capacity for legislative and regulatory reform at Federal and State level in compliance with international norms and commitments to human rights and gender equality is strengthened

**Output 1.3.3.** A strong public, civil society, communities and media are empowered to advocate for, report and demand greater state promotion, respect, and protection of human rights

## 1.4. Decentralization

By 2017, Local Governance is strengthened through increased deconcentration and decentralisation of powers and resources and improved coordination between and among the different levels of government for strengthened accountability and effective service delivery, through improved technical and institutional capacity, and inclusive participation and engagement of citizens, communities, civil society and private sector.

**Output 1.4.1.** Replicable Model of Local Governance in place for evidence-based advocacy to influence decentralization and deconcentration of power and resources in an inclusive manner to the local government and communities.

**Output 1.4.2.** Strengthened accountability mechanisms at local and community levels on development priorities for promoting inclusive equitable and gender responsive participatory planning, budgetary processes and monitoring and evaluation

**Output 1.4.3** Improved institutional capacity of local government and urban governance to coordinate, plan, generate resources, implement and monitor, for equitable delivery of services.

## Public Decision making

By 2017, public decision-making for equitable, gender-responsive and evidence-based planning, budgeting, implementation, monitoring and evaluation are effectively coordinated and driven by quality, timely, harmonised, disaggregated data, at Federal, State, and local levels.

**Output 1.5.1.** National and State Planning institutions have strengthened capacity for coordination, evidence-based and gender-responsive planning, budgeting, reporting, monitoring, and evaluation on VISION 20:2020, other national priorities and related UNDAF-supported priorities.

**Output 1.5.2.** Statistical agencies, line MDAs and research institutions are better able to generate, analyse and use quality, timely disaggregated data and make it accessible for evidence-based decision-making and programming

Theme Group 2  
Social Capital

**Strategic Intent 2. By 2020, Nigerians are healthy, knowledgeable, highly skilled and productive people, with positive value orientations, living in an inclusive and cohesive society; free from all forms of discrimination, violence and abuse; irrespective of sex, age, geographic location, and socio-economic status; and forming a globally competitive workforce..**

**Outcome 2.1 Education**

By 2017, Nigeria's formal and non-formal education system produces an increased number of graduates with relevant functional, technical, and vocational market driven knowledge and skills; through quality education; informed by evidence, equity based, gender-sensitive, innovative policies, plans, systems and programmes at Federal, State, LGA and Community levels, supported by adequate funding at each level.

**Output 2.1.1.** Advocacy, programming and budgeting capacities of Federal, State and LGA Education stakeholders strengthened to design, cost, mobilize resources, coordinate, monitor and document evidence-based, equity focused, gender responsive education sector policies, strategic and operational plans, programmes and innovative models.

**Output 2.1.2.** Enhanced capacity at Federal, State and LGA levels for implementation of education sector strategic and operational plans to increase enrolment and retention of school-aged children (including Early Childhood), and illiterate adults, especially girls, women and other vulnerable groups, through awareness creation, stimulation of demand, advocacy for enhanced infrastructure and staffing management, and development and use of models for increasing access and affordability

**Output 2.1.3.** Capacity of MDAs and CSOs at all levels strengthened for child/learner-centred, interactive teaching and quality assurance, to enhance learning, increased transition, functionality and labour market relevance of knowledge and skills acquired, and overall child/girl-friendly schooling environment.

**Outcome 2.2. Health**

By 2017, Health related MDGs achieved and sustained through strong and well coordinated Health systems implementing innovative, high impact and cost effective, equitable, gender responsive interventions inclusive of foundational determinants of health at community, LGA states and Federal levels with active engagement of right holders; informed by South-South cooperation and evidence based learning

**Output 2.2.1.** Public agencies and Civil Society Organizations at federal, state, and LGA levels are able to implement updated, harmonized, evidence based, gender responsive policies and plans to facilitate equitable access to quality water supply and sanitation services and the practice of good hygiene by vulnerable populations and institutions based on innovative communication for development and coordination systems

**Output 2.2.2.** Capacities of government and partners at all levels including inter-sectoral linkage and coordination are strengthened to implement high impact, equitable, gender responsive and innovative nutrition and food security interventions, enhance nutrition friendly agricultural productivity especially at household level and promote crop and livestock diversification to improve nutrition outcomes (reduced stunting, acute malnutrition and micronutrient deficiencies rates) amongst most vulnerable groups especially children and women

**Output 2.2.3.** Capacities of public and private health institutions including Civil Society Organizations at all levels strengthened to deliver accessible, equitable, quality, gender-responsive, evidence-based and adequately funded, maternal, newborn, child and adolescent health interventions inclusive of sexual and reproductive health; using innovations and appropriate technology (including new vaccines and ICT) and responding to increased demand and use of preventive, curative and promotive health services by empowered and involved communities; supported by enhanced Health Management Information System.

**Output 2.2.4.** Capacities of Federal, State, LGAs, Civil Society Organizations, Academia, and private sector are strengthened to plan, update and implement relevant standards and guidelines for Communicable and Non Communicable Disease services utilizing innovative technologies; informed by gender responsive policies, funded and disseminated research, with application of communication strategies to increase awareness and demand; enhance disease surveillance and ensure timely response to outbreaks.

**Outcome 2.3. HIV and AIDS**

By 2017, HIV transmission reduced in all key populations (particularly women, children and young people), MTCT eliminated, condition of people living with HIV improved, through the implementation of effective innovative HIV prevention and mitigation policies, strategies, strong multi-sectoral partnerships and coordination; and active involvement of stakeholders at all levels.

**Output 2.3.1.** National coordination mechanisms and partnerships strengthened to promote an equitable enabling environment for PLHIV, implement innovative policies and plans and establish logistic management systems through enhanced leadership capacity

**Output 2.3.2.** The capacity of institutions strengthened for increased Behavior Change Communication and demand creation for HIV prevention, treatment, care and support services in the general population in an equitable manner

**Output 2.3.3.** Increased capacity at Federal state and LGA level for coordination, integration and delivery of quality eMCT services (using the 4-pronged strategy), promotion of community involvement and data collection and management systems

**Output 2.3.4.** Increased capacity of key institutions for equitable delivery of combination prevention interventions for adolescents and young people, especially the most at risk and those living with HIV, through inclusive strategic partnerships and coordination platforms that support innovative knowledge management and demand creation

**Output 2.3.1.** Gender disaggregated strategic knowledge generated and required tools and mechanisms put in place to inform innovative, equitable HIV programming

**Outcome 2.4. Social Protection**

By 2017, inequities in the Nigerian society are reduced; driven by well informed and committed leadership; through innovative, inclusive, well-coordinated and evidence-based national social protection framework; enabled by context-specific, rights-based, age-appropriate, gender-sensitive policies which empower and protect the most vulnerable and at risk populations

**Output 2.4.1** Age-appropriate and Gender-sensitive, fiscally sustainable National social protection policy and framework developed based on context-specific, innovative, replicable and evidence-based models.tle

**Output 2.4.2** Capacities of public and community institutions, including CSOs are enhanced to design, implement, coordinate, monitor and evaluate social protection mechanisms at all levels; translating to increased utilization of accessible and affordable essential social services for targeted populations.

**Output 2.4.3** Decision-making capacities for Social Welfare systems are strengthened at all levels through evidence based advocacy and learning, including South-south cooperation; to enable, mobilize and commit resources and coordinate social protection mechanisms.

**Output 2.4.4** Formal and non-formal social engagement systems and networks in identified groups and communities are able to participate in equitable and sustainable social development through development and utilization of evidence-based social communication tools, channels and mechanisms

## Equitable and Sustainable Economic Growth

**Strategic Intent 3.** By 2020, Nigeria attains a strong, diversified, sustainable and equitable economy driven by robust investment in human capital and infrastructure that stimulate primary production for efficient and value-adding secondary production for an unrestricted, expanded, and globally competitive trade; supported by an employment environment that is youth-inclusive, gender-sensitive with enhanced capacity.

### 3.1. Investment climate

By 2017, Nigeria has a favourable, equitable and gender-sensitive investment climate that enhances the ease of doing business as a basis for increased and sustainable domestic investments and capital inflows; anchored on conducive, enabling and evidence based policies; and strengthened institutions that operate based on international best practices, norms and standards.

#### Output 3.1.1.

A national, sectorally-linked and inclusive investment policy developed with implementation plan and coordination mechanism across Federal and state levels put in place; administered by strengthened Federal and State Ministries, Departments and agencies (MDAs); for enhanced ease of doing business and increased domestic investment and capital inflow and increased employment generation.

#### Output 3.1.2.

Institutional and human capacities of investment related Federal and state ministries, Departments and Agencies, CSOs and relevant private sector stakeholders strengthened, through technological and knowledge acquisition to deliver high standard and equitable service, monitor and regulate compliance and provide investment support services.

### 3.2. Energy

By 2017, Nigeria's economic growth is driven by increased and diversified use of renewable energy sources, that promote technology transfer and local capacity building; characterized by affordable and equitable access for domestic and productive uses; supported by effective advocacy, efficient regulatory mechanisms and evidence based policies

#### Output 3.2.1

.Energy supply diversification strategies and practices to promote the use of renewable energy sources strengthened and integrated into the national energy policy through support to the energy-related MDAs to ensure equitable and affordable access for productive and domestic uses.

#### Output 3.2.2.

South-South Cooperation strengthened to expand the adoption and use of green technologies for the promotion and use of renewable energy sources such as hydropower, biomass, solar and wind; local equipment manufacturing reducing cost of energy to end users.

#### Output 3.2.3.

Capacity of the national energy institutions and the private sector operators strengthened to develop, coordinate and monitor energy policy implementation, develop framework to enhance equitable access and manufacturing of low cost renewable energy equipments, and develop requisite skills and know-how to promote energy efficiency in domestic and industrial use.

### 3.3. Production

Nigeria's productive system is value-chain driven, productivity enhancing, sectorally-linked and inclusive, based on green and relevant technology, supported by robust private sector-friendly investment policies that provide gender-friendly opportunities and promote rural economic development by 2017.

#### Output 3.3.1.

National Policies and strategies for strengthening productivity and enterprise development that is gender-responsive and youth-inclusive endorsed and monitored; with implementation framework put in place and operationalized at the federal and state levels for increased job opportunities, income, wealth creation and poverty reduction.

#### Output 3.3.2.

Entrepreneurial skills of small and medium scale producers to grow into commercial enterprises strengthened through innovative and adaptive models of technology acquisition, transfer and diffusion of green technologies that increase productivity, reduce cost of production, provides more job opportunities especially to youth and women.

**Output 3.3.3.** Strategies for enhanced valued added production developed, implementation plan, coordination mechanism and framework for integrating inputs suppliers, producers, processors and marketers established; leading to economic diversification, increased job opportunities, enhanced income and poverty reduction, especially for women and youth.

#### Output 3.3.4.

Human and institutional capacities of relevant government agencies, and private sector institutions, of the productive subsectors of the economy built to enhance productivity at primary and secondary levels through strengthened Vocational, Business and Entrepreneurship acquisition and training centers, extension agencies to provide equitable and gender responsive opportunities for economic growth.

### 3.4. Trade

By 2017, Nigeria's domestic and foreign trade is expanded, diversified, globally competitive and based on international best practices, norms and conventions; deriving from conducive and evidence-based policies and strong capacity, resulting in improved terms of trade with significant increase in foreign exchange earnings and GDP

#### Output 3.4.1.

National Trade policy endorsed, with implementation plan developed and adopted, and coordination mechanism put in place to deepen and diversify domestic and foreign trade, and facilitate Nigeria's trade relations with other countries; stimulate production and enhance inter-sectoral linkages and trade opportunities.

#### Output 3.4.2.

Relevant Trade and Investment MDAs are able to develop and monitor the implementation of trade policy that boost domestic trade and promote international trade; MDAs and other trade related institutions are able to promote and negotiate trade with partners through strengthened capacity in line with international best practices; trade capacity building and quality infrastructure; to expand, diversify and enhance global competitiveness.

### 3.5. Employment

By 2017, Nigeria's employment opportunities are expanded, driven by pro-poor, gender-responsive and youth-inclusive policies supported by skills-driven, competent capacities based on reliable, available and disaggregated data.

**Output 3.5.1.** A national employment policy that promotes labour-based technologies with high employment multiplier and decent jobs put in place; leading to the broadening of the productive base and expansion of employment opportunities; accompanied by implementation plan and coordination mechanism developed and endorsed at federal level and systematically adopted at state and LGAs levels.

**Output 3.5.2.** Human and institutional capacities of relevant Federal and State MDAs, workers and private sector organizations strengthened to develop, coordinate and monitor the implementation of pro-poor, gender-responsive, youth-inclusive and evidence-based employment policy; support the development of entrepreneurial vocational and ICT skills.

# Human Security & Risk Management

**Strategic Intent 4.** By 2020 Nigeria is on a peaceful, secure and sustainable development path where disaster, environmental, climate and conflict risks and threats are mitigated by policies, laws and plans that are participatory, gender responsive, funded, monitored and enforced systematically at all levels of the federation with high levels of political will; relevant government institutions respond timely, effectively, efficiently and are well coordinated (vertically and horizontally) in effective partnership with empowered civil society and utilize evidence-based early warning systems; and where the population is rights-assertive and increasingly resilient through awareness and ability to participate in mitigation and response to threats, crises and change..

## 4.1. DRR & Emergency Response

By 2017, the effects of disasters and emergencies on the population in emergency prone areas are reduced through an effectively regulated framework for prevention, preparedness and timely response; by coordinated and capacitated institutions at federal, state and local levels in partnership with civil society, informed by equity and gender considerations and an evidence based EWEA system; and resilient communities.

### Output 4.1.1.

The national legal and policy framework for emergency coordination, risk reduction and response is strengthened in conformity with international standards and systematically cascaded at state level

### Output 4.1.2

An improved and integrated EW/EA system covering the three tiers of the Federation that produces timely and actionable gender disaggregated, equity sensitive information, direction and advice for decision makers, agencies, CSOs and communities.

### Output 4.1.3.

Strengthened institutional capacity to coordinate, prepare for and respond to emergencies and to enhance coping capacity of communities (including safety nets)

## 4.2. Conflict Prevention & Management

By 2017 the occurrence and effects of conflicts and violence are reduced through institutionalized and coordinated prevention and management by the establishment of a peace architecture supporting negotiated solutions at federal, state and community level in partnership with civil society, informed by gender sensitive conflict analysis and other evidence based EWEA methodologies, and tolerant, peace-loving and resilient communities

### Output 4.2.1

National peace architecture established through advocacy and strengthened to systematically and institutionally promote tolerance, a culture of peace, dialogue and support negotiated solutions in order to prevent, mitigate and respond timely to conflict and violence disturbing life, especially of the most vulnerable

### Output 4.2.2

An improved and integrated conflict EW/EA system covering the three tiers of the Federation that produces timely and actionable gender disaggregated, equity-sensitive conflict analysis, strategic directions including do no harm alternatives, and guidance for decision makers, agencies, CSOs and communities

## 4.3. Protection of the Environment

By 2017 Nigeria's environmental vulnerability to negative effects of economic activities, urbanization and climate change is reduced through the efficient use of natural resources, a reformed regulatory framework aligned with Nigeria's international commitments, enforced at Federal, State and local levels by strengthened institutions, private sector and population that are environmentally conscious and taking action towards environmental sustainability.

### Output 4.3.1

A comprehensive national regulatory framework is developed in line with ratified international protocols and its implementation supported for the sustainable management of Nigeria's natural resources including land, water, air, oil, biodiversity, natural habitats and extractive industries.

### Output 4.3.2

Environmental institutions at Federal, state and LGA levels are capable to implement policies and enforce laws, through multi stakeholders solutions harnessing indigenous knowledge, innovations and practices for environmental management

### Output 4.3.3

Partnership developed and capacities of Government, Civil Society and Private sector enhanced to promote a culture of environmental awareness, knowledge and commitment for individual and collective action by youth, entrepreneurs, civil and religious leaders and decision makers.

## 4.4. Migration & Crime Management

By 2017 migration is harnessed for development through effective management and threats of irregular migration, illicit drugs, crime and unregulated internal migration on Human security are reduced through strengthened law enforcement, border management and reformed regulatory framework for prevention and response that are coordinated by capacitated institutions in partnership with media, civil society organizations, informed by evidence-based, age- and gender sensitive approaches.

### Output 4.4.1

The national legal and policy framework for migration, drug-related and organized crime management is strengthened and reformed through laws and policies that are evidence-based, inclusive, age- and gender-responsive.

### Output 4.4.2

Institutional capacities for managing internal migration, harnessing Diaspora for development, prevention of and response to irregular migration and management of regular migration as well as drugs-related and organized crime are strengthened through improved law enforcement and enhanced coordination, data management and border administration and control
